List of App Ideas

- An app that lets you design your dream house
- 2-D adventure game where you have a character that jumps over obstacles and collects coins, etc.
- A farm game where you have to take care of all the animals on a farm
- A Maze game where the user has a character that has to maneuver through the maze to find a prize
- A word search game where you have to find all the words in a jumble of letters
- A hangman game where you only have a certain number of tries to guess a word
- A matching card game that tests your memory
- A drawing game where you can choose an image and then trace and color it to win a prize
